Follow Ford's leap
into the 1960s and the
performance era--on
the streets and on the
track! In the early
1960s, Ford Motor
Company underwent
a dramatic change in
corporate philosophy.
Previously, under

Ford's young
chairman, Henry Ford

safety, not

performance, was the
goal. But by 1962,
even the chairman
realized his

philosophy needed to
change. Ford was
nearly invisible to car-
crazy baby boomers.

Lee Iacocca
convinced Ford that

he needed to act decisively or risk losing the emerging youth market to the competition. Thus began Ford's "Total Performance" program. Ford Total Performance is all about Ford's prime racing era from 1961 through 1971. In addition to purpose-built race cars, it also
