First introduced on the series 200 in Feb 1979 as the Performance Data Computer System (PDCS), the Flight Management Computer (FMC) was a huge technological step forward. Smiths Industries (formerly Lear Seigler) has supplied all FMCs installed on the 737. The PDCS was developed

How to Program X-Plane11
Default 737 FMC: One day I
was flying in the x-plane 11
default 737, and I wanted to
know how to put waypoints in
the FMC. I searched online,
and the only tutorials I
could find were for the Zibo
737. Eventually I figured
out how to program the FMC
so now I am m...

The 737 Flight Management Computers (FMC) are managed using the Control Display Units (CDU) on either side of the lower Display Unit (DU) screen in the cockpit. In the flight simulation world, it seems the FMC is probably the most misunderstood component in the entire simulator.

Hello, and Welcome to www.737DIYSIM.com. As a British ex-pat living in Brunei, I'm now building version 3 of my home-build/DIY Boeing 737 Sim. With limited resources, postal services, and a very restricted budget. Learning from the previous simulator builds, I'm going for more realism and full scale.
