Let's share God's big story! Use as a year-long weekly programme or dip in and out to highlight individual stories at key times of year and supplement other activities. Varied storytelling methods enable children to engage with God's big story in different ways, with a range of activities to illustrate and explore the story, catering for different learning preferences and using materials that most children's groups will already have to hand. Each session includes a theme summary for the team and a team prayer, a wide range of activities including small world play, role play, dressing up, creative, construction, reading, reflective activity, games, story time, a closing prayer, suggested songs and a take-home idea.

'Paper Plate Bible Crafts' uses simple craft projects to help reinforce biblical storytelling. The easy-to-do projects all use readily available materials and encourage children to create unique projects.

The following articles were selected by colleagues of New Testament scholar Vasile Mihoc from Sibiu to honour his contributions to theological scholarship in Romania, which places particular emphasis on the spiritual context of church life as a prerequisite for exegesis.

Ratheiser's study provides the framework for a non-confessional, mitzvot ethics-centered and historical-philological approach to the Jewish bible and deals with the basic steps of an alternative paradigmatic perspective on the biblical text. The author seeks to demonstrate the ineptness of confessional and ahistorical approaches to the Jewish bible. Based on his observations and his survey of the history of interpretation of the Jewish bible, Ratheiser introduces an alternative hermeneutical-exegetical approach to the Jewish bible: the paradigm of examples. His study concludes that the biblical text is a collection of writings designed and formed from a specifically ethical-ethnic outlook. In other words, he regards the Jewish bible to be written as an etiology of ancient instruction by ancient Jews to Jews and for Jews. As such, it serves as a religious-ethical identity marker that provides ancient Jews and their descendants with an etiology of Jewish life. Ratheiser regards this religious-ethical agenda to have been the driving force in the minds of the final editors/compilers of the biblical text as we have it today.
