Francisco Tarrega (November 21, 1852 - December 15, 1909) was a Spanish composer, guitar virtuoso and one of the world's foremost classic guitar teachers. His guitar compositions are staples of classic guitar concert repertoire and are renowned for their beauty and guitaristic nature. In this book I arranged 30 preludes from Tarrega's brilliant concert repertoire. Among the pieces contained are Lagrima and Endecha a Oremus. Other selections include his beautiful Gran Vals and his brilliant Recuerdos de la Alhambra. In total, the material contains 38 of Tarrega's compositions presented in standard notation and tablature for solo ukulele. For ease in performing these remarkable works I added left hand fingering. This is music composed during the height of the Romantic Period and is timeless in its beauty, relevance and inspiration

This publication presents a lightly modernized, fully corrected, reliable edition of Francisco Tárrega's more idiomatic transcriptions and arrangements for the classic guitar. Tárrega, who was also an able pianist, chose works by diverse composers such as Ludwig van Beethoven, Frédéric Chopin, and Robert Schumann to arrange for his own guitar performances, greatly expanding the concert guitar repertoire of his time. This publication provides today's players with a dependable edition of these works that can be seamlessly incorporated into any modern concert program. Written in standard notation only for the intermediate to advanced guitarist, this collection features pieces that were less commonly heard on the guitar and sound remarkably fresh to this day.

Francisco Tarrega (1852 - 1909) and Ferdinando Carulli (1770 - 1841) were two of the foundational classical guitar composers. Their works are studied and to this day performed by guitarists worldwide. This book presents 9 of the most popular Tarrega guitar compositions and 11 of Carulli's most famous short pieces. These pieces were transcribed and adapted for the intermediate level guitar student. The book features large notes, carefully edited fingering and important historical and performance notes

The importance of Francisco Tarrega in the history of the classic guitar is immeasurable. With his original compositions and transcriptions, Tarrega brought the classical guitar to new heights by giving it a repertoire of its own and consequently influencing virtually every modern day classical guitarist. In this volume, Ben Boldt presents 29 pieces by Tarrega in standard notation and tablature. Titles include: Lagrima; Preludes in G, A, and D major; Danza Mora; Marieta! (Mazurca); Mazurca en sol; Maria; Minuetto; Adelita (Mazurca); Pavana; La Alborada; Capricho Arabe; and many others. Text in English, Spanish, French, and Japanese
