~~I Choose To Live is a true story of 12 year-old Sabine Dardenne's ordeal after being kidnapped by a notorious pedophile. How she survived such a horrific time at such young age is inspirational. Her courage, her calm and her letters to her mother are most likely what helped to save her sanity, while her captor lied to her and brainwashed her into believing her parents didn't care.~~

The most important life choice we can make is to choose life. In other words, to decide on core beliefs that will shape our character and define our purpose—the standards and values that determine how we live from day to day, what we believe, where we will be at the end of our life and, most importantly, what will happen after that.

Oh, oh, oh, I choose to live. Young enough to still have a heart. Old enough to fall apart. In our twenties, in our aging skin at dark. Some days I feel like crying, and I know you feel it too. But life don't seem as dark when I sing with you, with you. Oh, oh, oh, I choose to live. Oh, oh, oh, I choose to live.
