Post Service Surveys. This type of survey focuses on the customer's satisfaction with a specific service she's just received. You ask it right after the delivery, when it's still fresh in the mind. This can be done in email support with a rating link in the mail, or in live chat with a rating view that appears after the chat. It can also be done over the phone, but it's somewhat problematic because it takes more time from the customer, and she might not feel comfortable sharing an ...
