People are more likely to eat healthier foods such as vegetables when they are closer in price to unhealthier foods, US research reveals. Scientists from Drexel's Dornsife School of Public Health made this conclusion following an investigation on the effect that price difference has on diet quality in the US. They examined data from 2,765 [...]

2014 NATIONAL BOOK AWARD FINALIST Travis Coates has a good head...on someone else's shoulders. A touching, hilarious "tour de force of imagination and empathy" (Booklist, starred review) from John Corey Whaley, author of the Printz and Morris Award-winning *Where Things Come Back*. Listen—Travis Coates was alive once and then he wasn't. Now he's alive again. Simple as that. The in between part is still a little fuzzy, but Travis can tell you that, at some point or another, his head got chopped off and shoved into a freezer in Denver, Colorado. Five years later, it was reattached to some other guy's body, and well, here he is. Despite all logic, he's still sixteen, but everything and everyone around him has changed. That includes his bedroom, his parents, his best friend, and his girlfriend. Or maybe she's not his girlfriend anymore? That's a bit fuzzy too. Looks like if the new Travis and the old Travis are ever going to find a way to exist together, there are going to be a few more scars. Oh well, you only live twice.

"A hilarious read when you're feelin' down and hungry."—Daily Candy Life's little pitfalls can be a real drag: being dumped, fired, or left at the altar—they're all such downers. Thomas 'Buck' Whaley was one of the greatest adventurers in Irish history. In 1788 he made an extraordinary 10-month journey from Dublin to Jerusalem for a wager of £15,000, equivalent to several million today. Nearly shipwrecked in the Sea of Crete, he almost died of plague in Constantinople, narrowly avoided a pirate attack, was waylaid by bandits, and met an infamous Ottoman governor known as 'the Butcher'. On his return, he became an overnight celebrity before suffering a catastrophic series of gambling losses that exiled him first to continental Europe (where he attempted to rescue Louis XVI from the guillotine) and then to the Isle of Man. When he died aged 34 in 1800 he had squandered an astronomical £400,000 (around 100 million) 'without ever purchasing or acquiring contentment or one hour's true

happiness'. In his lifetime, Ireland was about to erupt in rebellion; France was on the brink of bloody revolution; and the Ottoman Empire was creaking at the seams. Whaley lit up this volatile world like a fast-burning candle but retained his ability to recognise the absurdity of his own actions and the world around him. Buck Whaley tells the full story of his remarkable life and adventures for the first time.

Agoraphobic sixteen-year-old Solomon has not left his house in three years, but Lisa is determined to change that--and to write a scholarship-winning essay based on the results.
