The forces of Light and Darkness have co-existed in a delicate balance for hundreds of years ... until now. Even as the Night Watch polices the Dark Others--among them vampires, witches and shape-shifters--a chain of mysterious events triggers a dreaded, age-old prophecy: An immortal with special powers will come to switch sides, shattering the balance and unleashing an apocalyptic war unlike any the world has ever known.

beings—magicians, shape-shifters, vampires, and healers—who live among us. Human born, they must choose a side to swear allegiance to—the Dark or the Light—when they come of age. For a millennium, these opponents have coexisted in an uneasy peace, enforced by defenders like the Night Watch, forces of the Light who guard against the Dark. But prophecy decrees that one supreme "Other" will arise to spark a cataclysmic war. Anton Gorodetsky, an untested mid-level Light magician with the Night Watch, discovers a cursed young woman—an Other of tremendous potential unallied with either side—who can shift the balance of power. With the battle lines between Light and Dark drawn, the magician must move carefully, for one wrong step could mean the beginning of annihilation.

The "Others," a mysterious ancient race of humans possessing supernatural powers, who swear allegiance to either the Dark or the Light, have long lived together in an uneasy truce, until the emergence of a young boy with extraordinary powers fulfills an ancient prophecy and threatens to plunge Earth into a catastrophic war between Dark and Light forces. The second installment of the phenomenal Russian quartet *The Night Watch* vampire novels set in a richly realized post-Soviet Moscow. The second book in the internationally bestselling fantasy series, *The Day Watch* begins where *The Night Watch* left off, set in a modern-day Moscow where the 1,000-year-old treaty between Light and Dark maintains its uneasy balance through careful vigilance from the Others. The forces of darkness keep an eye during the day, the *Day Watch*, while the agents of Light monitor the nighttime. Very senior Others called the Inquisitors are the impartial judges insisting on the essential compact. When a very potent artifact is stolen from them, the consequences are dire and drastic for all sides. *The Day Watch* introduces the perspective of the Dark Ones, told in part by a young witch who bolsters her evil power by leeching fear from children's nightmares as a counselor at a girls' summer camp. When she falls in love with a handsome young Light One, the balance is threatened and a death must be avenged. *The Day Watch* is replete with the thrilling action and intricate plotting of the first tale, fuelled by cunning, cruelty, violence, and magic. It is a fast paced, darkly

humorous, haunting world that will take root in the shadows of your mind and live there forever.

Walking the streets of our cities are the Others. These men and women are guardians of the Twilight, a shadowy parallel world that exists alongside our own. Each has sworn allegiance to one side, fighting for the Light, or the Darkness. But now, beyond the continuing struggle comes a peril that threatens their very world. . . At Moscow airport, Higher Light Magician Anton Gorodetsky overhears a child screaming that a plane is about to crash. He discovers that the child is a prophet: an Other with the gift of foretelling the future. When the catastrophe is averted, Gorodetsky senses a disruption in the natural order, one that is confirmed by the arrival of a dark and terrifying predator. From the Night Watch headquarters Gorodetsky travels to London, to Taiwan and across Russia in search of clues, unearthing as he goes a series of increasingly cataclysmic prophecies. He soon realizes that what is at stake is the existence of the Twilight itself--and that only he will be able to save it.
