engine was dropped, so the L94 was superseded by the K-series. Scania L94IA. The L94IA (L94IA6x2/2NB) was an articulated normal-floor intercity bus chassis and was only available in Latin America. Scania L94IB. The L94IB was the general intercity bus and simple coach chassis.

Scania 4-series (bus) - Wikipedia

The Scania 4-series, is a truck model range which was introduced by Scania in 1995. It was the successor of the 3-series and it came in five engine combinations, three cabs and four chassis types. The 4-series was succeeded by the PRT-range in Europe in 2004, but production continued in Brazil until 2007.

Scania 4-series - Wikipedia

Download Ebook Scania 4 Series Engine

Production of Scania 4-series was stopped after its successors P-series, R-series and T-series were introduced in 2004. The engine sizes are - as usual for the 1-4 series - shown in the model name with a number constructed by the cylinder volume in litres followed by the generation of truck. This way a 14 litre engine in the 4-series will be a 144.

SCANIA T4 SERIES ADDON FOR RJL SCANIA V2.3.0 1.39.X - ETS ...

The Scania 4-Series was set up to deliver its best on normal roads in operations that cover long distances. It had an especially high payload and a gross weight of up to 60 tonnes. Those new 12-litre engines ranged from 310hp to 530hp, a power output that wouldn't shame a big truck launched today.

Used SCANIA 4 SERIES Trucks for sale in the United Kingdom ... It will work with Caspian Customs Scania R 4 series and T4 series. It is specially also made for the Scania R4 and T4 addon by RJL. Thanks! I'll also add new gear air sounds and engine brake thanks to Alexander Swift and aLmono. I may also give some samples to @cip so that he can add this v8 sound into Jazzycats

[REL] Scania 164L V8 1.39 - SCS Software

The Scania L-series has excellent cross-cab access. The cab sits low and far forward on the chassis and the engine tunnel is out of the way. This makes it easy for the driver and crew members on the extra seats in the centre to climb in and out on either side of the vehicle.

L-series - Scania Group

The first letter describing the position of the engine, and the last two letters describing areas of use. In marketing of the 4-series, Scania have generally only used the engine position (F/K/L/N), the engine displacement (9/11/12) and the series number (4), which is why we
