I wanted to hear more about this woman who spent "seven days" in the art world. The cornerstone of the book, "writing (almost) hour per hour what happens during one day in an auction house, a seminar, a fair, a art magazine etc." was a great idea. And it was interesting. But English is not my first language and I got lost quickly.

Shares observations about the subculture of contemporary art, in a narrative that tours such arenas as a Christie's auction and the Basel Art Fair to reveal how art has become an entertainment venue, luxury commodity, and lifestyle choice.

A fly-on-the-wall account of the smart and strange subcultures that make, trade, curate, collect, and hype contemporary art. The art market has been booming. Museum attendance is surging. More people than ever call themselves artists. Contemporary art has become a mass entertainment, a luxury good, a job description, and, for some, a kind of alternative religion. In a series of beautifully paced narratives, Sarah Thornton investigates the drama of a Christie's auction, the

Seven Days in the Art World now tells the story of the artists themselves—how they move through the world, command credibility, and create iconic works. *33 Artists in 3 Acts* offers unprecedented access to a dazzling range of artists, from international superstars to unheralded art teachers. Sarah Thornton's beautifully paced, fly-on-the-wall narratives include visits with Ai Weiwei before and after his imprisonment and Jeff Koons as he woos new customers in London, Frankfurt, and Abu Dhabi. Thornton meets Yayoi Kusama in her studio around the corner from the Tokyo asylum that she calls home. She snoops in Cindy Sherman's closet, hears about Andrea Fraser's psychotherapist, and spends quality time with Laurie Simmons, Carroll Dunham, and their daughters Lena and Grace. Through these intimate scenes, *33 Artists in 3 Acts* explores what it means to be a real artist in the real world. Divided into three cinematic "acts"—politics, kinship, and craft—it investigates artists' psyches, personas, politics, and social networks. Witnessing their crises and triumphs, Thornton turns a wry, analytical eye on their different answers to the question "What is an artist?" *33 Artists in 3 Acts* reveals the habits and attributes of successful artists, offering insight into the way these driven and inventive people play their game. In a time when more and more artists oversee the production of their work, rather than make it themselves, Thornton shows how an artist's radical vision and personal confidence can create audiences for their work, and examines the elevated role that artists occupy as essential figures in our culture.

Meg Reynolds has found her voice in the niche genres of diary comics and visual poetry. She excels in both elements of this hybrid genre: her skills as a writer and artist come together to form this powerful book. The content is vulnerable, honest, and effective. The characters are amusing, tragic, and sexy. The speaker sings and shouts from the page through tears and laughter and over spilled wine and ink. She reaches out to the reader with tenderness, loneliness, and agency. Meg's book will find its place on my shelf of visual poets, in a position of honor with the texts of Edward Gorey, Lynda Barry, Maira Kalman, and Bianca Stone. Each page is a poetic diary entry, illuminated with Meg's eerily beautiful drawings. These passages are ripe with puns, double entendres, tales of loss, and evidence of personal growth. This is a stunning accomplishment. -Frances Cannon, author of *The Highs and Lows of Shapeshift Ma* and *Big Little Frank Melancholy* and wry observation pervades the pages of Meg Reynolds's collection, *A Comic Year*. Part captain's log, part comic, part memoir and part instruction manual, this litany of days takes us on a journey of honest reflection. The candid voice, hilarious and adept at pointing out what it's like to be a poet and artist dating, is paired with sharp fine-line drawings, with enchanting detail and composition. Meg Reynolds is a natural comics artist, with the sensibility of a poet. Here we get the best of both worlds. -BIANCA STONE, author of *The Mobius Strip Club of Grief* *A Comic Year* is intimate, patient, and breath-taking. What is on the surface the story of a year in the life of a woman following a breakup unfolds and explodes into gorgeous layers of complexity, masterfully weaving together themes of

love, desire, safety, family, poetry, time, and longing. Poems and drawings are at one turn heartbreaking, and then suddenly very funny, and then awe-inspiring and back again. Altogether, it is an indescribable triumph; a book that is just as much about everyone alive as it is about the author. Reynolds has given us a true gift. -Sophie Lucido Johnson, author of *Many Love Virginia Woolf* wrote, "One cannot think well, love well, sleep well, if one has not dined well" in *A Room of One's Own*. Meg Reynolds wrote, "I'm on my own again...My love for myself achieved delicate (precarious) purchase when I bought myself a sandwich: a BLT. Obviously". Reynolds was not afraid of releasing "the flying doubt monkeys from their brain cage" in her poetry comic, while she was a castaway in an urban desert. The documentary was a catharsis of sorts, with her and her micron pens & graphite drawing pencils. "To portray something in art is to worship it and make record. Here, I make an icon of my bedroom window. I pray to this close thing." I felt her energy in this book -survive- and I'm glad she did. -Naoko Fujimoto

For skeptics, art lovers, and the millions of us who visit art galleries every year—and are confused—*What Are You Looking At?* by former director of London's Tate Gallery Will Gompertz is a wonderfully lively, accessible narrative history of Modern Art, from Impressionism to the present day. What is modern art? Who started it? Why do we either love it or loathe it? And why is it such big money? Join BBC Arts Editor Will Gompertz on a dazzling tour that will change the way you look at modern art forever. From Monet's water lilies to Van Gogh's sunflowers, from Warhol's soup

cans to Hirst's pickled shark, hear the stories behind the masterpieces, meet the artists as they really were, and discover the real point of modern art. You will learn: not all conceptual art is bollocks; Picasso is king (but C é zanne is better); Pollock is no drip; Dali painted with his moustache; a urinal changed the course of art; why your 5-year-old really couldn't do it. Refreshing, irreverent and always straightforward, *What Are You Looking At?* cuts through the pretentious art speak and asks all the basic questions that you were too afraid to ask. Your next trip to the art gallery is going to be a little less intimidating and a lot more interesting. With his offbeat humor, down-to-earth storytelling, and flair for odd details that spark insights, Will Gompertz is the perfect tour guide for modern art. His book doesn ' t tell us if a work of art is good; it gives us the knowledge to decide for ourselves.

What did the writer of Genesis mean by “ the first day ” ? Is it a literal week or a series of time periods? If I believe that the earth is 4.5 billion years old, am I denying the authority of Scripture? In response to the continuing controversy over the interpretation of the creation narrative in Genesis, John Lennox proposes a succinct method of reading and interpreting the first chapters of Genesis without discounting either science or Scripture. With examples from history, a brief but thorough exploration of the major interpretations, and a look into the particular significance of

the creation of human beings, Lennox suggests that Christians can heed modern scientific knowledge while staying faithful to the biblical narrative. He moves beyond a simple response to the controversy, insisting that Genesis teaches us far more about the God of Jesus Christ and about God ' s intention for creation than it does about the age of the earth. With this book, Lennox offers a careful yet accessible introduction to a scientifically-savvy, theologically-astute, and Scripturally faithful interpretation of Genesis.
