T Le Shadow User

The main villain in The Shadow isn't a guy with a mask like in many of the other serials, but an invisible man who speaks through the head of a "black tiger". It's a bit creepy. He's also a very, very angry and impatient man, and treats his henchmen like crap. I don't know why people want to work for this jerk.

The /etc/shadow file stores actual password in encrypted format (more like the hash of the password) for user's account with additional properties related to user password. Basically, it stores secure user account information. All fields are separated by a colon (:) symbol. It contains one entry per line for each user listed in /etc/passwd file. Generally, shadow file entry looks as follows (click to enlarge image):

Understanding /etc/shadow file - nixCraft

On my Ubuntu 9.10 system, there's a shadow system group. There does not appear to be any user assigned to this group at all. The only files that I can find belonging to this group are /etc/shadow and /etc/gshadow.. I'm aware that the purpose of these files is to store the passwords separately, out of reach from regular users who still might want to access passwd for other reasons.

linux - What is the `shadow` group used for? - Server Fault

Trivia. Like several other Quirks, Dark Shadow has its own signature sound effect: "CREEP." The relationship between Dark Shadow and Fumikage could be in reference to the Marvel character Venom and his commonly associated host, Eddie Brock. Both share bodies with another being, both Venom and Dark Shadow are sentient beings, both care for their host/quirk user, and both can become uncontrollable.
