Kenny Rogers and the First Edition, until 1969 billed as The First Edition, were an American rock band that fused rock and roll, R&B, folk, and country. Its core members were Kenny Rogers, Mickey Jones and Terry Williams. The band formed in 1967, with folk musician Mike Settle and the operatically-trained Thelma Camacho completing the lineup. As the counterculture of the 1960s was developing, the First Edition signed with Reprise Records in 1967 and had their first big hit in early 1968 with the

"First Casualty" is a result of continued improvement over the course of four books. I wish I could give it 4.8 stars, because Sandford is the top of the heap to me and he gets five stars. The plot has some twists and turns, and the characters and the plot development are first-rate.

April 2nd 1982 - the day that the Falklands War erupted. Just sixty Royal Marines stood in the way of an armada of thousands, 8,000 miles from home and with no support. The story that followed was one of a shameful defeat and ignominious surrender. A story which has lasted for 35 years. Now, with first-hand accounts from the Royal Marines themselves, from the Argentine Marines who fought against them and from the people of Stanley who watched the battle rage on their very doorsteps, a new history has emerged. It is the story of an epic and heroic defence on a scale with Rorke's Drift; a story which neither the British nor the Argentine governments wanted told. It is a battle denied; the battle of Stanley, a battle which - we are told - never happened.The second edition has updated stories, more information and is an even more dramatic read!

An award-winning journalist reveals the dramatic true story of the CIA's Team Alpha, the first Americans to be dropped behind enemy lines in Afghanistan after 9/11. America is reeling; Al-Qaeda has struck and thousands are dead. The country scrambles to respond, but the Pentagon has no plan for Afghanistan—where Osama bin Laden masterminded the attack and is protected by the Taliban. Instead, the CIA steps forward to spearhead the war. Eight CIA officers are dropped into the mountains of northern Afghanistan on October 17, 2001. They are Team Alpha, an eclectic band of linguists, tribal experts, and elite warriors: the first Americans to operate inside Taliban territory. Their covert mission is to track down Al- Qaeda and stop the terrorists from infiltrating the United States again. First Casualty places you with Team Alpha as the CIA rides into battle on horseback alongside the warlord Abdul Rashid Dostum. In Washington, DC, few trust that the CIA men, the Green Berets, and the Americans’ outnumbered Afghan allies can prevail before winter sets in. On the ground, Team Alpha is undeterred. The Taliban is routed but hatches a plot with Al-Qaeda to hit back. Hundreds of suicidal fighters, many hiding weapons, fake a surrender and are transported to Qala-i Jangi—the “Fort of War.” Team Alpha’s Mike Spann, an ex-Marine, and David Tyson, a polyglot former Central Asian studies academic, seize America’s initial opportunity to extract intelligence from men trained by bin Laden—among them a young Muslim convert from California. The prisoners revolt and one CIA officer falls—the first casualty in America’s longest war, which will last two decades. The other CIA man shoots dead the Al-Qaeda jihadists attacking his comrade. To survive, he must fight his way out against overwhelming odds. Award-winning author Toby Harnden gained unprecedented access to all living Team Alpha members and every level of the CIA. Superbly researched, First Casualty draws on extensive interviews, secret documents, and deep reporting inside Afghanistan. As gripping as any adventure novel, yet intimate and profoundly moving, it tells how America found a winning strategy only to abandon it. Harnden reveals that the lessons of early victory and the haunting foretelling it contained—unreliable allies, ethnic rivalries, suicide attacks, and errant US bombs—were ignored, tragically fueling a twenty-year conflict. "Masterful, complex, and heartfelt, from the deeply personal to the critically strategic. Captures many lessons on many levels." —Ambassador Hank Crumpton, former senior CIA officer

"The first casualty when war comes, is truth," said American Senator Hiram Johnson in 1917. In his gripping, now-classic history of war journalism, Phillip Knightley shows just how right Johnson was. From William Howard Russell, who described the appalling conditions of the Crimean War in the Times of London, to the ranks of reporters, photographers, and cameramen who captured the realities of war in Vietnam, The First Casualty tells a fascinating story of heroism and collusion, censorship and suppression. Since Vietnam, Knightley reveals, governments have become much more adept at managing the media, as highlighted in chapters on the Falklands War, the Gulf War, and the conflict between NATO and Serbia over Kosovo. And in a new chapter on the post-9/11 wars in Afghanistan and Iraq, Knightley details even greater degrees of government manipulation and media complicity, as evidenced by the "embedding" of reporters in military units and the uncritical, openly patriotic coverage of these conflicts. "The age of the war correspondent as hero," he concludes, "appears to be over." Fully updated, The First Casualty remains required reading for anyone concerned about freedom of the press, journalistic responsibility, and the nature of modern warfare.

'A work of formidable imaginative scope' Daily Telegraph
The first casualty when war comes is truth . . . Flanders, June 1917: a British officer and celebrated poet, is shot dead. , He is killed not by German fire, but while recuperating from shell shock well behind the lines. A young English soldier is arrested and, although he protests his innocence, charged with his murder. Douglas Kingsley is a conscientious objector, previously a detective with the London police, now imprisoned for his beliefs. He is released and sent to France in order to secure a conviction. Forced to conduct his investigations amidst the hell of The Third Battle of Ypres, Kingsley soon discovers that both the evidence and the witnesses he needs are quite literally disappearing into the mud that surrounds him. Ben Elton’s tenth novel is a gut-wrenching historical drama which explores some fundamental questions: What is murder? What is justice in the face of unimaginable daily slaughter? And where is the honour in saving a man from the gallows if he is only to be returned to die in a suicidal battle?

"The most comprehensive j'accuse of journalism as propaganda in the English language... Ought to be read by every young reporter and by those who retain pride in our craft of truth-telling, not matter how unpopular or unpalatable the truth." -- John Pilger, from the Preface to the new edition
"The first casualty when war comes, is truth," said American Senator Hiram Johnson in 1917, and in his gripping, now-classic history of war journalism, Phillip Knightley shows just how right Johnson was. From William Howard Russell, who described the appalling conditions of the Crimean War in Times [London], to the ranks of reporters, photographers, and cameramen who captured the realities of war in Vietnam, The First Casualty tells a fascinating story of heroism and collusion, censorship and suppression, myth-making and propaganda. Since Vietnam, Knightley finds, governments have become much more adept at managing the media, and in new chapters on the Falklands, the Gulf War, and the former Yugoslavia, he concludes that the war correspondent's role as a seeker of truth is now in jeopardy. From reviews of the first edition: "[This book] may make us all a little more free to talk about and find the truth." -- Garry Wills, New York Times Book Review
"Disturbing, even dismaying, yet also in its painful way, enormously entertaining." -- New Yorker

FOUR SOLDIERS. ONE WAR. Asteroid miner Mary Rodrigo and freighter owner Mattim Abeebe are green draftees of the Society of Humanity, forced to fight for Earth—a planet they’ve never even seen. Major Ray Longknife and his lover, Senior Pilot Rita Nuu, are career soldiers, invested with the cause of the Unity Party—and its ambitious new president. These four soldiers on opposing sides of the battle are about to discover the true nature of this terrible war: a quest for profit—from the high command of both sides. What they will risk is nothing less than their lives. For although truth may be the first casualty of war, it’s not going to be the last...

Armed with a powerful laser, a terrorist group threatens the US—and one government agent must race to recover the weapon before it’s too late Air France Flight 447 is high above the Atlantic, making its way through a patch of turbulence, when its instruments begin to fail. Pilot and crew fight to regain control as the plane plummets from the sky, but death comes before they even hit the water. When investigators pick through the wrecked aircraft and desiccated bodies, they can reach only one conclusion: Flight 447 disintegrated in mid-air. The cause was a laser, the likes of which the world has never known. Based on the mad dreams of Nikola Tesla, the weapon’s destructive powers are immeasurable, and it has fallen into the hands of Al Qaeda—or its allies. It’s up to Jason Peters—a highly trained government operative who was beginning to get bored with his retirement—to recover the laser to safety. Ending this threat will force him to shed quite a bit of terrorist blood, but Peters has never minded getting dirty for the sake of Uncle Sam.

By the award-winner of News International Journalist of the Year, Phillip Knightley has written about being a special correspondent during wartime. He questions to what extent correspondents shape myths and suppress facts? And how their role has changed over the years.

In a world where the first casualty of war is truth, journalism has become the new battleground. Peter Greste spent two decades reporting from the front line in the world's most dangerous countries before making headlines himself following his own incarceration in an Egyptian prison. Charged with threatening national security, and enduring a sham trial, solitary confinement and detention for 400 days, Greste himself became a victim of the new global war on journalism. Wars have always been about propaganda but today's battles are increasingly between ideas, and the media has become part of the battlefield. Extremists have staked a place in news dissemination with online postings, and journalists have moved from being witnesses to the struggle to a means by which the war is waged – which makes them a target. Having covered conflicts in Afghanistan, Iraq and Somalia, as well as having spent time in prison in Egypt, Greste is extremely well placed to describe in vivid detail what effect this has on the nature of reporting and the mind of the reporter. Based on extensive interviews and research, Greste shows how this war on journalism has spread to the West, not just in the murders at the French satirical magazine Charlie Hebdo or the repressions of Putin's Russia, but Australia's metadata laws and Trump's phony war on 'fake news'. In this courageous, compelling, vital account Greste unpicks the extent to which modern investigative journalism is under threat, and the fraught quest – and desperate need – for truth in the age of terrorism.
