The Glorious Deception: The Double Life of William Robinson, aka Chung Ling Soo, the Marvelous Chinese Conjurer Paperback - Illustrated, 11 April 2006 by Jim Steinmeyer (Author)

The Glorious Deception: The Double Life of William ...

The Glorious Deception is a great title for a book examining the life of William Robinson, as his life was always a deception on some level or other. For much of the time reading the book, I felt that the deception was actually glorious, but by the end it was just pathetic.

A fascinating chronicle of the great Chinese illusionist Chung Ling reveals his mastery of magic and his double life as an American passing himself off as Chinese, which was revealed when he died dodging bullets during his performance of "Defying the Bullets."

Traces the life and legacy of the turn-of-the-twentieth-century magician, covering his vaudeville successes, rivalry with Houdini, and role in setting the standard for magical performances today.

Now in paperback comes Steinmeyer's astonishing chronicle of half a century of illusionary innovation, backstage chicanery, and keen competition within the world of magicians.

On the eve of the 20th century, Chinese magician Ching Ling Foo, one of the greatest illusionists ever seen on American soil, along with his talented family of musicians and acrobats overcomes deportation attempts, homeland tragedy, crooked managers and a diabolically clever American copycat to make an indelible impact on American culture becoming one of the highest paid and most popular acts in the United States twice. First, between 1898 and 1900 then once more between 1912 and 1915. Foo's story is indeed a magical one but, it is also so much more. With its focus on the interplay between Chinese and Western culture, celebrity, intercultural teen singing sensations, geopolitics, international intrigue, nativism, and disruptive technology, careful readers will discover "Foo" may hold many lessons for our own increasingly unruly era.

The seminal biography of the twentieth century's premier chronicler of the paranormal, Charles Fort—a man whose very name gave rise to an adjective, *fortean*, to describe the unexplained. By the early 1920s, Americans were discovering that the world was a strange place. Charles Fort could demonstrate that it was even stranger than anyone suspected. Frogs fell from the sky. Blood rained from the heavens. Mysterious airships visited the Earth. Dogs talked. People disappeared. Fort asked why, but, even more vexing, he also asked why

we weren't paying attention. Here is the first fully rendered literary biography of the man who, more than any other figure, would define our idea of the anomalous and paranormal. In *Charles Fort: The Man Who Invented the Supernatural*, the acclaimed historian of stage magic Jim Steinmeyer goes deeply into the life of Charles Fort as he saw himself: first and foremost, a writer. At the same time, Steinmeyer tells the story of an era in which the certainties of religion and science were being turned on their heads. And of how Fort—significantly—was the first man who challenged those orthodoxies not on the grounds of some counter-fundamentalism of his own but simply for the plainest of reasons: they didn't work. In so doing, Fort gave voice to a generation of doubters who would neither accept the "straight story" of scholastic science nor credulously embrace fantastical visions. Instead, Charles Fort demanded of his readers and admirers the most radical of human acts: Thinking.

Pull back the curtain on the real history of magic - and discover why magic really matters If you read a standard history of magic, you learn that it begins in ancient Egypt, with the resurrection of a goose in front of the Pharaoh. You discover how magicians were tortured and killed during the age of witchcraft. You are told how conjuring tricks were used to quell rebellious colonial natives. The

## Read PDF The Glorious Deception The Double Life Of William Robinson Aka Chung Ling Soo The Marvelous Chinese Conjuror

history of magic is full of such stories, which turn out not to be true. Behind the smoke and mirrors, however, lies the real story of magic. It is a history of people from humble roots, who made and lost fortunes, and who deceived kings and queens. In order to survive, they concealed many secrets, yet they revealed some and they stole others. They engaged in deception, exposure, and betrayal, in a quest to make the impossible happen. They managed to survive in a world in which a series of technological wonders appeared, which previous generations would have considered magical. Even today, when we now take the most sophisticated technology for granted, we can still be astonished by tricks that were performed hundreds of years ago. The Secret History of Magic reveals how this was done. It is about why magic matters in a world that no longer seems to have a place for it, but which desperately needs a sense of wonder.

From the author of Hiding the Elephant and The Glorious Deception comes a collection of five essays that shows how the great stage illusions were integrally products of their time, based on the traditions and fashions of the people, and the offspring of the incredible, inventive personalities who brought them to the stage. Like no other author, Jim Steinmeyer gives us insight into the timeless appeal of magic. His human subjects include such characters

as Steele MacKaye, Maskelyne, David Devant, P.T. Selbit, Horace Goldin, and Charles Morritt. Illusions he discusses include: The Mascot Moth, Sawing a Lady in Halves, and Morritt's Disappearing Donkey.

Aleister Crowley's The Book of Lies is an important and complex work of occultism. Deciphering its many layers of hidden meaning requires a little patience and more than a beginner's knowledge of Thelema. For those interested in passing beyond the initiate stage, the reward offered by a deeper understanding of this challenging text is well worth the effort. This new 2018 edition of The Book of Lies from Kismet Publishing restores all of Crowley's original text, including the important keys, sigils and diagrams often omitted from reprints.

Take a truly magical mystery tour with this sparkling compendium of magic and trickery from medieval thaumaturgies to 20th-century showmen. Featuring hundreds of rarely seen vintage posters, photographs, handbills, and engravings, The Magic Book follows this special performing art from the 1400s to the 1950s.

The acclaimed author of The Last Greatest Magician in the World sleuths out literature's iconic vampire, uncovering the source
