The Weaponization of Trade: The Great Unbalancing of ...

Trade is being weaponized – and this isn't good. As politicians on both sides of the Atlantic raise the stakes, trade is increasingly a tool of coercion to achieve strategic influence. This book looks at the risks for us all as trade becomes an instrument of foreign policy, and shows how politicians could turn things around.

The Weaponization of Trade: The Great Unbalancing of ...

Weaponization is the transformation of a benign instrument into a means of aggression and, increasingly, we have observed states wielding trade coercively. In short, through language, the character of trade has changed from an implicit tool of coercion to the explicit means through which foreign policy objectives are achieved.

The weaponisation of trade – Deutsche Bank

It also examines trade in the arms and dual-use sectors, providing a glimpse into hidden Russian–Syrian and Chinese–North Korean flows. The Hardings' book is an ominous and eye-opening preparation for the weaponization of trade to come." — Dame DeAnne Julius, chair of University College London and former chair of the Royal Institute of ...

The Weaponization of Trade: The Great Unbalancing of ...

It's The Weaponization of Trade by Rebecca Harding and Jack Harding (respectively a trade economist and a security researcher), and it couldn't be more timely. The book looks at the shift from trade as an issue debated squarely in the economic domain to trade as a tool of politics and international relations.

The Weaponisation of Trade: The Great Unbalancing of Politics and Economics World trade and globalisation are at a crossroads. The UK and the US, through Brexit and the election of Donald Trump, are exhibiting all the signs

of isolationism.

The Weaponization of Trade | German British Forum

Trade is being weaponized – both figuratively and literally – and this isn't good. As politicians raise the stakes, trade is being used as a tool of coercion to achieve strategic influence. Although trade, wars and foreign policy have been interwoven throughout history, the belligerence of the language today means trade is becoming predominantly political and strategic, rather than economic.

The weaponization of Trade. How politics has blurred trade ...

“International trade is about more than just economics, and not only for the US administration. Trade is about coercion and strategic influence.” So begins the short, thoughtful and timely book “The Weaponization of Trade.” Few can have missed the change over the past two or so years in the language used to describe international trade.

The Weaponization of Trade: The Great Unbalancing of ...

China's Weaponization of Trade. Jul 26, 2017 Brahma Chellaney. China denies mixing business with politics, yet it has long used trade to punish countries that refuse to toe its line. But its leaders deploy their economic weapons carefully, to avoid disruption that could harm China's own business interests.

China's Weaponization of Trade by Brahma Chellaney ...

This chart shows that growth in Western European trade throughout the 19th century was largely driven by trade within the region: In the period 1830-1900 intra-European exports went from 1% of GDP to 10% of GDP; and this meant that the relative weight of intra-European exports doubled over the period (in the 'relative' view you can see the changing composition of exports by destination ...
